Note: The data contained in this report has been reported to [FederalReporting.gov](http://FederalReporting.gov), and represents the most current information. This report summarizes project activity for the 4th quarter of 2012.

ARRA financial data is calculated on a cumulative basis, while ARRA job figures are calculated on a quarterly basis. Note: Dividing Recovery Act money expended by the number of jobs created or retained does not provide an accurate cost-per-job-figure.

The Office of Management and Budget (OMB) revised the ARRA job calculation formula after the 3rd Quarter 2009 reporting period. As a result, job figures are not reported cumulatively.
